

Application for an earlier start in Preschool Class

Children start Preschool Class at age 6 in the Swedish school system. If you want your child to start Preschool Class a year earlier, meaning from the year they turn five, you must register your application by filling in the form below. You can submit your expression of interest from 1 January to 31 March each school year.

The Headteacher will decide whether the school can accept your child in Preschool Class one year early based on their level of development and maturity. The decision is based on all the available information and input from the child's Preschool teachers. If the child comes from another school, the child's former Headteacher will be contacted as part of the assessment.

If the evaluation shows that the child is ready to start Preschool Class a year earlier, the possibility is subject to availability. Six-year-olds have priority to any available places. A decision will be sent to you by the end of April.

Information

Child's name	Date of birth
Current (pre)school (if applicable)	Current year group (if applicable)
Responsible teacher
